Pasteur's Treatment Adopted. Chicago, August 7.—Residents of Chicago or elsewhere who may be in-fortunate enough to be bitten by mad dogs will not hereafter have to go to Paris to be treated by Pasteur. The county's public service committee yester-day on the recommendation of the Hospital committee set apart two unused rooms in ward 13 to be used by Dr. Antonie Lagoree for the treatment of hydrophobia according to Pasteur's method. Dr. Lagoree is Chicagoian by birth but he spent five years as a student with Pasteur. The Hospital medical staff recommend the vitility of bacteriological work, and preventive inoculation for rabies at the Hospital and Dr. Lagorce will undertake it.
